SCHOOL ECO-CLUB

2025-26

Para 14.26 of the Affiliation Bye-Laws, entitled "Environment Education" Eco clubs in schools will empower students to participate and take up meaningful environmental activities and projects. It is a forum through which students can reach out to influence, engage their parents and neighbourhood communities to promote sound environmental behaviour. It will empower students to explore environmental concepts and actions beyond the confines of a syllabus or curriculum. While everyone, everywhere, asserts the importance of 'learning to live sustainably,' the environment remains a peripheral issue in the formal schooling system.
